“ I always liked and looked forward to seeing Mr.Sveller. Him being a Big Ten guy and Sparty. Me being a SEC guy and Gator. He'd always give me the business about the SEC in good fun. Last time I saw him was September 12th on his front porch. Shook his hand and we were talking about our up coming revenge games. Arizona State for him. Kentucky for me. He will be missed. Rest In Peace, Mr.Sveller and from this Gator, Sparty On!!

“ I met Dan over 30 years ago with a mutual friend to play golf up north. We golfed every week during the Memorial & Labor Day holidays. We became friends over sports (especially MSU sports, golf, and track and field) In this 30 year period, I found Dan to be humble, educated on a large amount of topics, inclusive and well informed. He always brought something to the table during a conversation. His presence will be missed.

“ I can see him sitting across from me at Kate and Channing's all star holiday party. We had a lot of laughs. Also when he ran into Jerod at Starbucks. Seeing his car in the drive way when he visits KY on our way to school. Life is so short it seems sometimes. But he did have some great times and adventures with you guys. I'm so sorry you have to go through this. He was due to come back to KY this weekend. God had other plans. And we must trust in him. He's now looking down on us from the most beautiful and peaceful place possible. He wouldn't want us to mourn, but we grieve his loss here on earth. Please be comforted in knowing he is at peace, with many friends, family, and pets. What a glorious site that must have been when he entered the pearly gates of heaven. He's so honored I'm sure with the planning of his final resting place. We love you guys. Know that we are thinking and holding you tight. They say now days, I'm living my best life...Dan IS living his best life with our Lord and Savior. And that my friend is something to rejoice in.

“ Some of my best memories of spending time with Dan was fishing for bass at Duck Lake. Jean and I could not afford a motor for our row boat. I think it was the third time Dan came he showed up with a motor for the boat. This was back in the 70's. I still have the motor because Dan told me to keep it. What wonderful memories.
