“ We were so sorry to hear of your loss. We are very good friends of Dave's sister Suzanna. She spoke of Dave often.

We cannot begin to feel the depth of your sorrow, but we want you to know that we understand your tears. May the prayers and comfort that are with you during this difficult time help ease your pain.

Believe in God and the future path that will follow. Continue your dreams as they do come true!

May everyday ahead provide strength and understanding of things and events that are meant to be.

We hope that with time, the pain of Dave's passing will ease and the memories of his life will lift you.

Your family is in our thoughts and prayers, God bless all of you.

Love, Jayne and Bridget Dermott

“ I never met Dave but I knew who he was. We would pass one another from time to time and say "hello". But, the one thing that I always remembered was his "smile". With him being in advertising I thought this man has a great outlook on life. My thoughts and prayers are with you. God bless you. RIP Dave

“ As most of you know David grew up in a Detroit Housing Project as did myself and many of his close friends. I never told Dave but I looked up to him when I was growing up. He was smart, wasn't intimidated easily, out going, made friends easily, loved sports (as we all did). He was bigger than most of us growing up but never a bully. He was an example that growing up on the streets of a Detroit Housing Project with less than most was not a bad thing but a great start in life if you combined street smarts with education, people skills, a great sense of humor and a good work ethic. He never forgot the people he grew up with and we won't forget him!

I was so very sorry to hear this and am deeply sorry for your loss. Don Howson, Dominic Sony and I had been intending to visit you and Dave in the near future. We shared memories about him, and our days working at the Freep, during a dinner we had together about a month ago. Dave was a quick witted, humorous yet caring man who was also a professional regards his positions at the Freep Press and DNA. He was amongst my favorite people at the Free Press when I worked there. I truly regret I will not be able to see him. May the Lord grant you and your family true peace and comfort.
