“Pat was a true friend and always there when you needed a hand. Though we had lost touch over the years I was so blessed to have reconnected with him. We shared many, many great times in your younger days. I will never forget all the great times we shared. They will live in my memory forever. This photo says it all. My deepest sympathy to all of the Kemen Family. Pat will truly be missed but his spirit will live on in all of us.

I am so sorry to hear of Pat's passing. It shocked me when I had heard as just a few months ago at bowling Pat and I got on the subject of going to concerts and we spent bowling night seeing which one of us had went to more concerts. I played softball with Pat for many years at the local. I was the committeeman for the union in his area and we got along great. I will miss him very much and always remember the memories I had while being with Pat...My one regret is I just found out of his passing today 5/16 and I would have like to pay my respects to him but I am sure he knows I would have been at the funeral had I found out sooner. “ *Uncle Pat was a big teddy bear and would do anything for you... I LOVED his taste in music and he influenced me a lot, even if he didn't realize it. Whenever I hear The Beatles I can't help but think of Uncle Pat too... Those stautes he has of all the band memebbers are so awesome! At my wedding in October 2009, I danced to "In My Life" by The Beatles with my dad. After the dance, I walked over to Uncle Pat because I knew he would be impressed, and he certainly was! I will miss him dearly and he will be forever remembered in my heart... xoxoxo*
